

EpicCare Link-Accessing Discharge Summaries

Tip Sheet

Summary

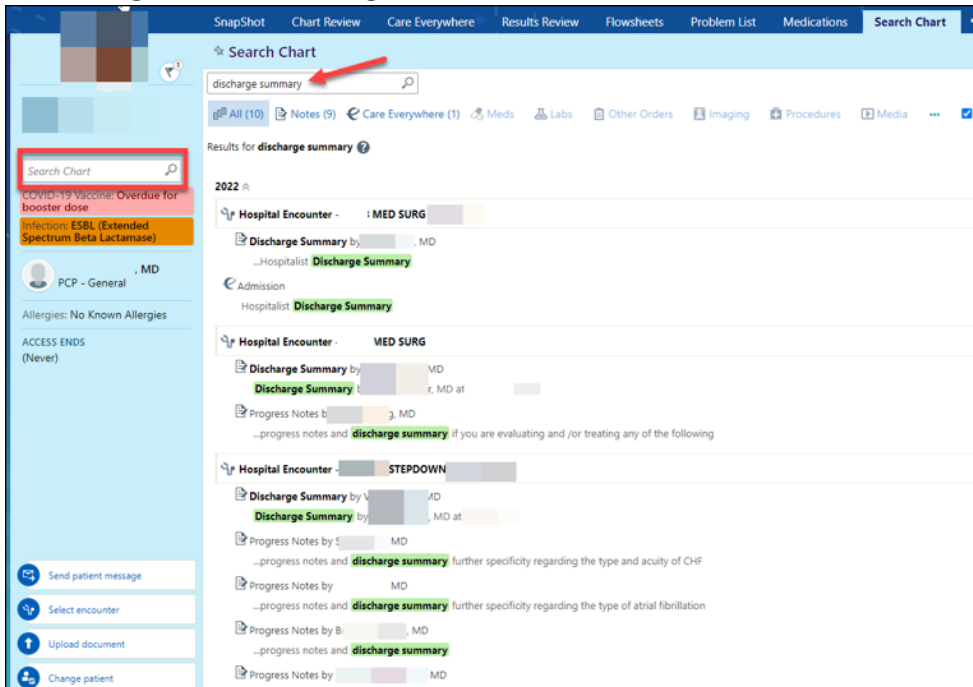

Discharge Summaries can usually be found on a Note tab in Chart Review but finding them can sometimes be a matter of scrolling and hunting. Finding them can be made easier by searching the chart or by using filters.

First, we will explore using the Search feature.

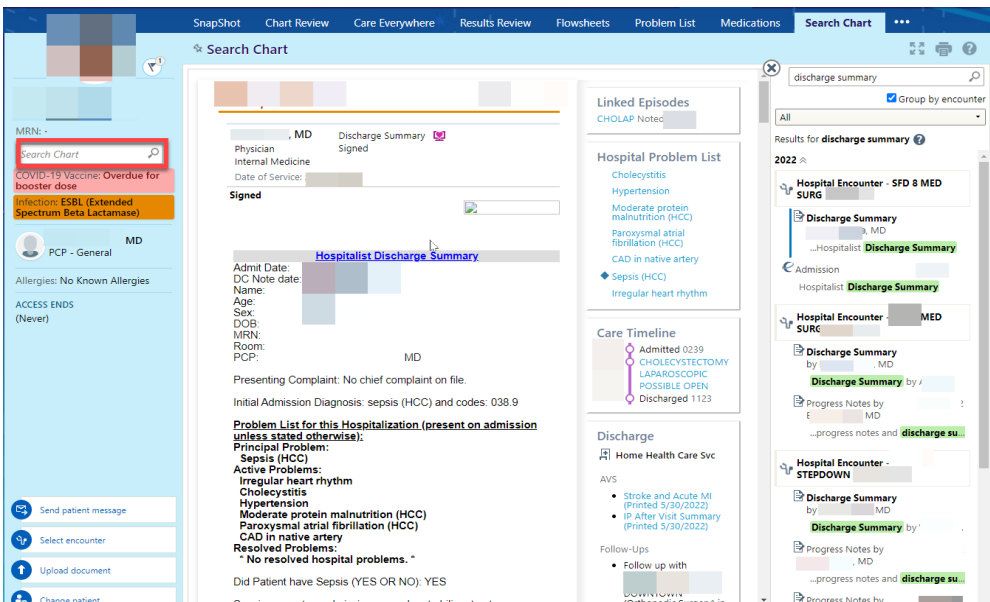

Open patient's Chart.

Click on the search field on the Storyboard

Enter Discharge summary and click enter. This will display all information containing the words discharge summaries in the chart.

Click on the summary you need to display the information.

Instance

Epic;
