

Hands-On Activity

Admission Process – Diagnoses and Medication Reconciliation:

1. Log in to the Train domain using the training user ID provided.
2. Open your patient's chart.
3. Select the Admit tab on the workflow page (located at the top of the Menu bar).
4. Diagnoses:
 - a. Scroll to the Diagnoses & Problems section of the page.
 - b. Add a diagnosis of enterocolitis for the patient.
5. Next, complete admission medication reconciliation by scrolling to the Home Medications section of the Admit page.
 - a. Click "Admission" on the right-hand side to begin admission med rec.
 - b. Use the "Continue" and "Do Not Continue" radio buttons to make selections for the patient's home medications.
 - c. **Your patient has no documented allergy information.** This is a hard stop in Cerner. Please follow the steps below exactly:
 - i. Click the Document button.
 - ii. Click the No Known Allergies button.
 - iii. Click the OK button.
 - iv. Click the green check mark in the upper left of the allergy window.
6. When all home medications have been addressed, click Sign.
7. Verify that there is now a green check mark next to "Admission" in the reconciliation status bar.
