

DEAR PATIENT,

There has been a change in traffic patterns around our James Island Roper St. Francis Express Care, pre-admission testing and orthopaedics practices at 319 Folly Rd. due to the sale of surrounding property. This will affect entry into our parking lot for those coming from Folly Beach or West Ashley.

If you're coming from Johns Island or Riverland Terrace areas, you will not be affected. We apologize for this inconvenience and appreciate your patience as we work toward a solution.

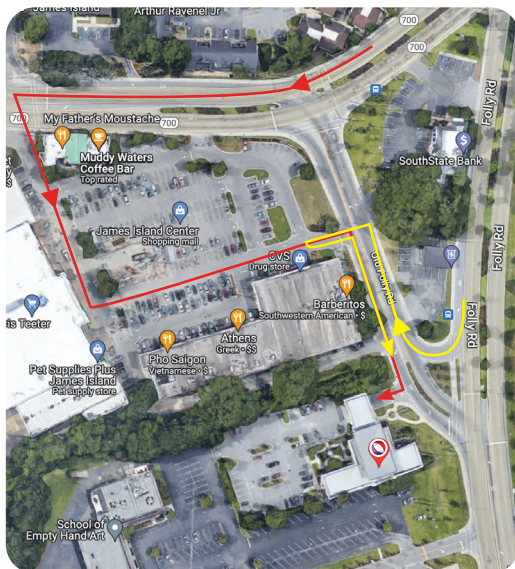

If you need help, please call (843) 203-2246.

Before leaving for your appointment, please consider the following directions:
