FINANCIAL ASSISTANCE FOR MEDICAL EXPENSES

When you or your loved one is in need of hospital care, worry about financial issues can be an added stress. If you don't have health insurance or if your health insurance doesn't cover all of your costs, there may be federal and state assistance that can help.

OB/PEDS FINANCIAL COUNSELING

If you are pregnant and have no health insurance or have children (0-18 years old) living in your home without health insurance, Roper St. Francis can assist you.

OUR FINANCIAL COUNSELORS CAN HELP

Roper St. Francis has financial counselors available at no charge that can help you identify options for financial assistance. Because the application process differs among programs, it is very important that you meet with a financial counselor as soon as possible to learn which program is right for you.

LEARNING YOUR OPTIONS

Financial Counselors are located at each of our hospital and can help you enroll in a variety of programs including:

Health Insurance Marketplace (*part of the affordable care act*)

For additional information on the Health Insurance Marketplace, application process and enrollments dates please visit www.healthcare.gov.

Medicaid (*county representatives are onsite to help get you enrolled*)

Presumptive Eligibility Medicaid

Children's Health Insurance Program (CHIP)

For additional information on Medicaid please visit www.scdhhs.gov.

Charity Care

You must meet with a Financial Counselor and be deemed not eligible for federal or state programs before receiving a charity care program referral.
